| Handouts          | 1 | 2 | 3 | 4 | 5 |

How often do you think you will use what you have learnt in your work?

Very often [ ] Often  Sometimes [ ] Never [ ]

What, if any, do you think the benefits of the course will be to practice?

Allows me to access quality professional and academic research and comment; opinion and accepted protocols and theories. to inform my practice and ensure I am up to date.

What was the most useful thing you learnt?

How to navigate the NHS Evidence site enables me to access articles; Journals and books quickly and effectively.

What improvement/ additions would you like to see?

None - Everything I needed to achieve was met.

Please use the space below to comment on any other aspect of the course.

The delivery of the course was excellent, very clear and specific tailored to my individual needs and subject area. My tutor supported me throughout and worked at my pace. His patience and professionalism has helped to feel more confident in using electronic systems and reduced my resistance to using literature searches on-line. I feel the standard of training and support I have has been exemplary and totally met my needs.
